

COMPANY OVERVIEW

Dexter was founded over 60 years ago in Elkhart, IN. As a progressive industry leader, we are able to offer nationwide availability through our large distribution network. Our team manufactures quality products across the USA with state-of-the-art robotics, precision welding equipment, and automated machining processes.

MORE THAN JUST ASSEMBLED IN THE USA, YOU CAN TRUST THAT OUR AMERICAN MANUFACTURED PRODUCTS ARE DEPENDABLE.

Committed to our core values:

- » Quality products that are vigorously tested.
- » Superior product performance, leaving you without worry.
- » Outstanding customer service after your purchase.
- » Durability backed by our top-of-the-line warranty.

Dexter's core values and standards distinguish our trailer running gear from other axle manufacturers. Details and quality matter - even when you can't see the components under your trailer. When you're riding on Dexter, count on getting where you need to go, hassle-free.
