Subject: Spring Brakes for Air Brake Axles used on D100, D120, D150, and D200

In keeping with our continual commitment to product innovation, Dexter Axle is pleased to announce that we will begin offering the option to mount the spring brakes to the axle. When placing your axle order, you will need to request this option.

Please contact your Dexter sales engineer if you have additional questions or need further assistance.

A handwritten signature in cursive script that reads 'Rick Kapsa'.
