Subject: Agricultural Hubs Manufactured in U.S. by Dexter Axle

In keeping with our ongoing commitment to supply the industry with the highest quality products possible, Dexter Axle is pleased to announce the release of agricultural hubs cast by U.S. foundries and machined in our Albion, Indiana plant.

The hubs are completely interchangeable with comparable imported hubs. By manufacturing the hubs in the USA, Dexter Axle is able to maintain the highest level of quality standards as demonstrated by our ISO 9001 Certification. In addition, Dexter has improved control over inventory, assuring the shortest lead times, keeping with Dexter's commitment to complete and on-time delivery to our customers. Hubs can be ordered as Hub with Cups or Complete Hubs with all components as shown below.
