

PRODUCT BULLETIN #444

Date: July 1, 2021

Subject: Obsolescence of 54" and 60" Heavy Duty Suspension System (HDSS) Axle Spacing Configurations

Due to low customer demand, Dexter has decided to discontinue the 54" and 60" axle spacing Heavy Duty Suspension System (HDSS) configurations. Dexter continues to offering the 49" axle spacing HDSS configuration.

The below Hanger and Attaching Parts (HAP) kits and individual components have been discontinued:

PART NUMBER	DESCRIPTION
HAP-162-01	HGR & A/P KIT, HDSS MULTI AXLE, 54 INCH SPACING
HAP-163-01	HGR & A/P KIT, HDSS MULTI AXLE, 60 INCH SPACING

Dexter will continue to offer the 49" axle spacing Heavy Duty Suspension System.

PART NUMBER	DESCRIPTION
HAP-161-01	HGR & A/P KIT, HDSS SINGLE AXLE, ATTACHING COMPONENTS
HAP-261-01	HGR & A/P KIT, HDSS MULTI AXLE, 49 INCH SPACING

For more information on the technical specifications of the HDSS product line, please reference pages 25 and 26 of [Dexter Medium Duty Catalog \(LIT-123-00\)](#).

Please contact your Dexter account manager for additional information and further assistance.
