

PRODUCT BULLETIN #448

Date: September 21, 2021

Subject: Obsolete D200 3-Spoke and 5-Spoke Hubs

Due to low customer demand and component availability, Dexter is no longer building axle assemblies or supplying service parts for D200 products utilizing a 3-Spoke or 5-Spoke hub assembly.

The need to support products in the field has diminished since the tire and wheel industry moved on from the integrated Wheel & Drum or "Dayton" wheels years ago. Center disc wheels are now the preferred wheel design and attachment methodology in the industry.

Part numbers affected:

3-Spoke Wheel & Drum 15" Diameter for 8" Rims, 12-1/4" x 7-1/2" Brakes

PART NO.	DESCRIPTION	INDUSTRY PART NUMBER
008-269-76	W&D D200 DEM 3-Spoke Cups & Studs	KIC 001-70003H
008-269-77	W&D D200 DEM 3-Spoke Cups & Studs, ABS	KIC 001-70003TH

5-Spoke Wheel & Drum 20" Diameter for 8" Rims, 16-1/2" x 7" Brakes

PART NO.	DESCRIPTION	INDUSTRY PART NUMBER
008-267-76	W&D D200 DEM 5-Spoke Cups & Studs	KIC 001-75207H
008-267-77	W&D D200 DEM 5-Spoke Cups & Studs, ABS	KIC 001-75207TH
