

# PRODUCT BULLETIN #456

Date: March 24, 2022

**Subject: Obsolescence of Disc Brake Yoke on Nev-R-Lube® Disc Brakes**

Due to low demand, Dexter will no longer produce the 090-006-01 (LH) and 090-006-02 (RH) Anchor Yoke used for 6,000 lb. Dexter disc brakes equipped on axles utilizing 42mm Nev-R-Lube bearings. This yoke was previously available on Torflex and Sprung axle models: #11, #12, #12T, D52, S52, D60, and S60.

Current inventory supports service replacement parts in the field, while ongoing axle production will only be available in electric or hydraulic drum brakes.

THIS OBSOLESCENCE ONLY AFFECTS DISC BRAKES ON NEV-R-LUBE AXLES AND NOT OTHER LUBRICATION TYPES.

The following part numbers and kit will no longer be available.

PART NUMBER	DESCRIPTION	NOTES
090-006-01	YOKE 6K Nev-R-Lube MACH LH - DISC BRAKE	Not interchangeable with part number 090-005-01
090-006-02	YOKE 6K Nev-R-Lube MACH RH - DISC BRAKE	Not interchangeable with part number 090-005-02
K71-647-00	6K DISC BRAKE RETROFIT KIT - LH NEV-R-LUBE
