Subject: Clarification of 3,500 lbs. Dexter Disc Brake Service and Retrofit Kits

Dexter is clarifying its 3,500 lbs. disc brake service and retrofit kits corresponding to the disc brake change in 2015 (please see product bulletin 387 for reference). Changes to the product offering are listed below. The ordering process will not change, please continue to order from your authorized Dexter distributor partner or current Dexter plant.

3,500 LBS. AXLES WITH DISC BRAKE SERVICE PARTS:

AXLES BUILT AFTER 2015 SERVICE PARTS:

Axles built with 3,500 lbs. disc brakes after July 2015 use current Dexter service parts as listed below. No changes are being made to this product offering.

KIT	DESCRIPTION
K71-157-00	3.5K DISC BRAKE PAD KIT (per wheel end)
K71-773-01	3.5K DISC CALIPER REPLACEMENT KIT (LH)
K71-773-02	3.5K DISC CALIPER REPLACEMENT KIT (RH)
K08-435-05	3.5K ROTOR REPLACEMENT KIT - bearings, seals, grease cap, and lug nuts not included

AXLES BUILT BEFORE 2015 SERVICE PARTS:

Axles built **before** July 2015 used Kodiak® by Dexter parts. Dexter is obsoleting these kits into the already existing Kodiak kits.

OBSOLETE KIT	USE KODIAK KIT	KODIAK KIT DESCRIPTION
K71-623-00	DBC-225-PAD-K	3.5K DISC BRAKE PAD KIT (per axle)
K71-624-00	DBC-225-D	3.5K CALIPER KIT, 1-WHEEL, RH or LH DACROMET COATED
K71-626-00	RTR-10-D	3.5K ROTOR KIT, HAT-STYLE, 545, DACROMET COATED

RETROFIT DISC BRAKE KIT:

Dexter is also obsoleting its 3,500 lbs. hat-style disc brake retrofit kit (K71-633-00) into an already established integral disc brake complete wheel end kit (K71-077-05).

OBSOLETE KIT	REPLACEMENT KIT	KIT DESCRIPTION
K71-633-00	K71-077-05	FITS BOTH 3.5K & 3.7K AXLES (per wheel end)

Please contact your Dexter account manager or authorized Dexter distributor for additional information and further assistance.
