

PRODUCT BULLETIN #493

REPLACEMENT

6,000 LBS. GAL-DEX® HUB KITS

April 23, 2023

Dexter is discontinuing the 6,000 lbs. GAL-DEX® hub (008-213-51) and replacing it with the 6,000 lbs. GAL-DEX hub (008-445-15). The discontinuation of this hub will also affect two service kits, K08-213-9H and K08-213-9G. This change is immediate as inventory of the 008-213-51 hub, K08-213-9H kit, and K08-213-9G kit has been exhausted.

Please see the chart below with the kits that contain the 6,000 lbs. GAL-DEX hub (008-445-15), which can be ordered in place of the discontinued hub and kits. The GAL-DEX coating provides corrosion protection, surpassing 500 hours of salt spray testing.

Dexter strongly recommends that all hubs on the trailer be replaced at the same time when transitioning to the 008-445-15 hub.

OBSOLETE PART NUMBERS:

OBSOLETE P/N	DESCRIPTION	REPLACEMENT P/N
008-213-51	6 ON 5.50" HUB, 6K LBS., GAL-DEX	008-445-15
